# Data Center Services

Elevate Your Digital Future with Seamless Colocation

In a data-driven era, businesses need secure, scalable infrastructure to harness information effectively. CypressTel's Data Center services deliver carrier-neutral colocation, empowering your operations with robust connectivity and AI-driven performance. Our state-of-the-art facilities ensure uninterrupted uptime, enabling your clients to excel in dynamic global markets.

How It Works

Data flows across interconnected data centers, edge locations, and hybrid clouds. CypressTel's carrier-neutral infrastructure unifies these environments, ensuring seamless communication for your clients' on-premises and cloud-based systems, with reliability and speed.

Southeast Asia

East Asia

Europe & US

Value-added Service:

- Infrastructure as a Service
- Data Center as a Service
- Global Facilities
- Managed Services
- Colocation Service
- Cloud Computing

Key Features & Benefits

Unrivaled Infrastructure
Our 30+ Tier III+ data centers offer carrier-neutral flexibility that scales seamlessly with your client's ambitions. We effortlessly connect any network or cloud provider, unlocking new enterprise opportunities and driving portfolio growth across dynamic digital markets.

Blazing Performance
Our networks slash latency by 7x, catapulting global client services with rapid, reliable connectivity. High-speed, low-latency links ensure your clients' applications run flawlessly, boosting productivity and cementing loyalty in competitive markets.

Ironclad Security
Familiar with industry regulation and compliance with ISO standards, we deliver fortress-like defenses paired with 24/7 AI-driven monitoring. Our 99.99% SLA guarantees uptime, building unshakable client trust and safeguarding your reputation with industry-leading reliability.

Effortless Cloud Access
Direct connections to 30+ global hubs unify multi-cloud systems, streamlining operations efficiently. Simplify your clients' cloud journeys, enhance agility, and position yourself as their go-to partner for digital transformation.

All-in-One Management
Comprehensive network, cloud, and security solutions simplify deployment and operations, freeing you to focus on client wins. Our end-to-end managed services boost satisfaction, streamline costs, and empower growth in the digital era.

Why CypressTel?

Choose CypressTel for a scalable, carrier-neutral network with over 140 PoPs globally, ensuring seamless connectivity. Our tailored solutions foster long-term success through AI-driven insights and 5G speed. With over 17 years of experience and the deployment of more than 10,000 customer sites, we optimize costs and enhance customer experiences, all backed by reliable 24/7 local support for high-performance results.
